design Carlo Urbinati

A cradle that wraps your body in the caress of water

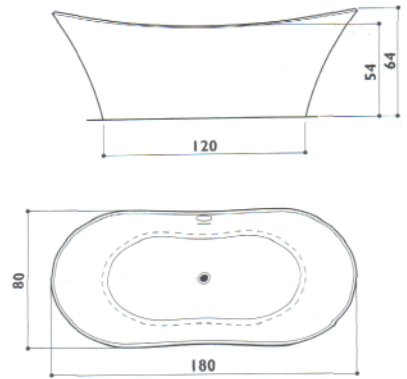

It is born from the earth and opens up to the sky.
Harmoniously in tune with the surrounding space.
Minimal, a concentrated blend of contemporary lines
and formal purity: a design which continues into infinity.

All the senses are involved in wellness

Infinito was born from the design by Carlo Urbinati
and Techstone®, a completely new concept, which lends
itself to a multi-sensory experience of the time devoted
to the bath.

An exclusive concept that bears the Jacuzzi® signature

An essential bath, which is unexpected, but above all
contemporary. The elegant form recalls the corolla of a
flower that is holding water.
