

# VIRTUS

The new spa for hospitality

Confidential information for Regional Managers – 02/07/2018

# VIRTUS

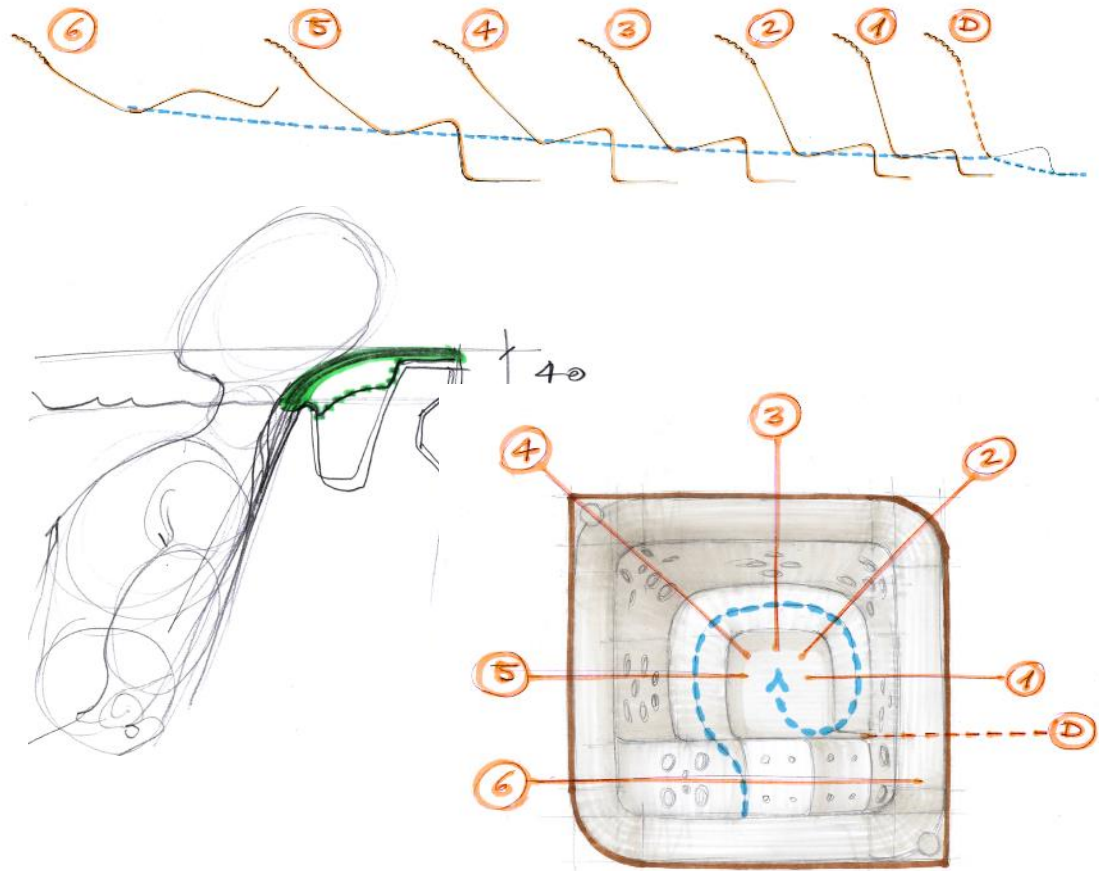

The best hydromassage  
for hospitality.

Dodo Arslan e Jacuzzi Design

«I wanted to design a real, complete experience: from the interface to the accessibility, from the progressive seat position to the complete drain inspired by the Nautilus shell. Simple and effective.»

Depth

## Quick and complete water draining

Inspired by the Nautilus shell

**No water displacement**

Overflow perimetric grid

**Automatic water fill-up**

Compensation tanks integrated

**Automatic draining**

Complete and Quick Drain

## A colored light immersion

The spa interior is lighted by two underwater colored led spotlights to assure the best visibility and safe.

One light is just behind the entry step and the second one lights the spa floor.

The capacitive controls positioned on onto the rim opposite corners switch on and off and select of the light colors.
